

#TogetherWeWillFightCovid19

From the CHAIRMAN'S desk...

Dear Readers,

My appeal to the citizens of Rachakonda living in the eastern part of Hyderabad is on the similar lines as advised by our respected Chief Minister KCR Garu and our Honorable Prime Minister Narendra Modi ji that people should stay indoors and not venture out barring those carrying out essential services who have been provided dedicated passes for commutation.

Furthermore, for fulfillment of daily needs of a family, I would urge only one person per family to head out that too only in the radius of 3 km, for purchasing medicines, groceries and vegetables etc.

The stores providing essential goods will operate from 6:00 AM to 6:00 PM, post this timeline, only pharmacies, diagnostic centers and hospitals will operate. Any person violating this rule should be assured that they will be charged under Sec 188 of IPC. Currently, we have impounded more than 6000 vehicles who have broken the law. I would also impress upon the commutation decorum for people using own conveyance. Only one person on a two-wheeler and two people on a four-wheeler are to commute.

I would also like to inform that the law enforcement agencies will be monitoring all movements through app and for people who will violate the 3 km radius rule, a challan will be generated. To avoid all this, stay safe, stay indoors, travel safe and cooperate with the law enforcement agencies. 9 zones in Malkajigiri, L.B. Nagar zones declared as containment zones & strict lock down is observed in those area to prevent community transmission of COVID-19. 600 police personnel are posted at 42 check post on 24x7 duties.

Stay home stay safe to prevent transmission of COVID 19 is my sincere appeal to all residents of Rachakonda.

Shri. Mahesh M Bhagwat, IPS
Commissioner of Police

From the Chief Convenor's desk...

Dear Readers,

'Crisis doesn't create character, it reveals it'. In this hour of crisis faced by all equally across the globe, the real challenge is to stand together and put up the fight with courage and hope. As the Government of India and the Government of Telangana are taking all measures to confront the Novel Corona virus, it becomes imperative on the part of all of us to stand by them and follow the rules and regulations.

Shri. G. Sudheer Babu, IPS
Addl. Commissioner of Police
Rachakonda
Chief Convenor - RKSC

Several guidelines and advisories have been given to all with respect to the personal hygiene and safety which must be followed scrupulously by everyone. As William James, an American Philosopher has put it, "a chain is no stronger than its weakest link, and life is after all a chain", we must ensure that we are not that weak link. It becomes our duty towards not just ourselves, our family, our neighborhood, our town, our nation but towards the human race. And for this we do not have to lead the warfront with weapons, but just sit at home and follow simple handwash routine. I would like to take this opportunity to salute all the heroes of the nation – the medical professionals, the municipal employees, the scientist fraternity, the farming community, donor organizations and individuals and many invisible heroes who are working tirelessly during these tough times to ensure that the lockdown period remains a pleasant stay at home and not a tough time.

On Police front, I sincerely appreciate the commitment and dedication of our police officers of all ranks and the way they have risen to the occasion. All instructions are being carried out uniformly from top to bottom with the single objective of flattening the curve of corona. PPE gear has been distributed to all officers in the field and medical check-ups being held with medicines given to boost their immunity. Check posts have been set up all across to minimize the vehicular movement. Strict surveillance is being held on movement of people through drones and CCTV monitoring. The convergence of police force, technology and public cooperation will hopefully fetter the shackles of Novel Corona Virus. Stay Safe, Stay Home.

From the General Secretary's desk...

Dear Readers,

At the outset, I must applaud our Government, civic and law enforcement authorities, doctors, health and sanitization workers for toiling round the clock and ensuring that we all are safe at our homes.

We are amidst a pandemic with no concrete way out; this is the time to follow time tested methods of hygiene and quarantine. We should make it a conscious decision to maintain social distancing and prioritizing the important and redundant chores.

My humble appeal to all the people of Rachakonda and all others reading this note is that we should cooperate and affiliate with the Government, law enforcement agencies, health workers etc., thereby playing our part and giving our bit as a responsible citizen.

Charity begins at home, let's take a pledge to abide by the law and help break the chain. Let us all join hands and pledge to eradicate this pandemic jointly.

Take care of yourself to help others take care of themselves...!

Shri. Satish Vadlamani
General Secretary, RKSC
