Secunderabad May 30, 2021: Sunday has always been a very hectic day for the Marshals. Today was no different. The huge crowds at the various weekly markets and the shopping bazars meant there was more effort needed and to top it was the simmering heat of summer. The Marshals of Rachakonda Security Council lead by different teams were out in full numbers helping the police and the traffic police in enforcing the Lockdown norms.

Marshals not only enforced the lockdown, streamlined lines at liquor shops, positioned barricades and tied banners, but also spread the message of importance social distancing, need for vaccination, availability of vaccination at ZPHS, wearing of masks (including distribution of masks), sensitising on traffic rules, hazards of triple riding, seating children on petrol tank of bikes, wearing of helmets and avoiding of unnecessary movement with family and more.
